Jl. Majapahit Timur No.3, RT.002/RW.016, Poris Plawad Indah, Kec. Cipondoh, Kota Tangerang, Banten 15141

I'm a software engineer who loves building cool stuff for mobile and web. From iOS apps in Swift to Flutter-based face recognition systems and web dashboards with JavaScript and Laravel — I enjoy turning ideas into apps people actually love to use. Always curious, always learning, and always up for a challenge.

Work Experiences

Apple Developer Academy @ BINUS - South Tangerang, Indonesia   Mar 2024 - Dec 2024

Junior Developer Intern

The Apple Developer Academy @ BINUS, Tangerang is Asia's first-ever initiative to empower Indonesia's economy by creating world-class developers for the world's most innovative and vibrant app ecosystem.

- Handled 7 projects, including 2 game applications, collaborating with diverse teams to solve real-world problems and deliver functional, user-centered solutions.
- Developed applications using various technologies such as SwiftUI, UIKit, ARKit, and other iOS frameworks, gaining hands-on experience with both traditional and modern development tools.
- Took the role of Project Manager once, where I coordinated a multidisciplinary team, led the development process, and successfully pitched the project to Apple Singapore staff, receiving valuable professional feedback.
- Completed one solo project, independently managing the entire development lifecycle from ideation and design to coding and testing.
- Served as Tech Lead once, guiding the technical direction of the project, mentoring team members, and ensuring code quality and best practices were followed.

PT Pralon - Tangerang, Indonesia   Mar 2023 - Mar 2024

HRIS Programmer Intern

PT Pralon, through its trademark Pralon, has been a pioneer in Indonesia's uPVC pipe industry since 1963. The company is recognized for producing high-quality uPVC pipes by utilizing advanced technology and maintaining stringent production standards.

- Completed first internship experience, gaining valuable insights into working within a corporate environment.
- Contributed to major projects, including the development of a payroll feature for the HRIS, a Recruitment Website, and an HRIS Mobile App.
- Achieved recognition through the Pralon Improvement Awards, earning 3rd Place in the Suggestion Systems category and being selected as a Top 5 Finalist in the Continuous Improvement category.

SDMKita - Tangerang, Indonesia   Jun 2023 - Sep 2023

Software Engineer Freelance

SDMKita's emphasis on social impact reflects a strong commitment to cultivating not only academically proficient students but also responsible individuals who are empathetic and actively contribute to society.

- Developed a mobile application for the company's client using the Flutter Framework, implementing API integration, MySQL for the backend, and Dart for the frontend.
- Gained valuable professional exposure by participating in client meetings and contributing to project discussions.

Education Level

Universitas Bina Nusantara - Tangerang, Indonesia   Aug 2020 - Mar 2025

Bachelor of Computer Science, 3.50/4.00

- Pursued a Bachelor's degree in Computer Science, majoring in Software Engineering and minoring in Mobile Programming.
- Engaged in projects and coursework focused on software development, system design, and mobile application development.
- Collaborated in team-based assignments to build applications, strengthening skills in problem-solving, coding, and project management.
- Explored various programming languages and frameworks to broaden technical expertise.

Organisational Experience

HIMTI Binus University - Tangerang, Indonesia   Mar 2021 - Mar 2023

HIMTI BINUS University is the official student organization for Computer Science and Informatics students, focusing on technology, leadership, and community development through academic programs and events.

- Actively contributed to publication, marketing, and sponsorship activities, including writing articles, creating news content, and hosting podcasts.
- Coordinated sponsorship outreach and partner relations for multiple major events such as TECHFEST, TECHNO, and HISHOT.
- Served as Vice Chairman (HILET 2022) and Technical Committee in several events, handling live streaming, event operations, and

technical support.
- Mentored new members and participated in interview panels for organizational recruitment.
- Developed strong skills in communication, public relations, teamwork, leadership, and event management.
